

PORK RINDS

PORK RINDS

Without doubt the world's best pork rind within all varieties and segments of this category. Ultramodern production facilities and high-quality raw products ensure crispy and crunchy enjoyment.

OK Snacks has produced pork crackling since 1982 with constant focus on high quality and further development. This is the reason why we are currently one of the world's leaders within the field.

SNACKS

SNACKS

Snacks are on the table - a huge selection of delicious temptations.

OK Snacks offers a large and varied selection of delicious snacks for any cosy occasion and party. Find your favourites among the many exciting flavours and types of snacks in our product ranges. The spices, oil and all other

raw products that are part of our snacks come from hand-picked suppliers who have proved that they deliver consistent high quality every single time!

All snack products are deep-fried in firstclass sunflower oil, which retains the great flavour and crispy texture.

PROVEN STRONG SHELF PERFORMANCE
Strong shelf performance has already proven its value in the product category, no matter in which market it is launched, or against which competitor it is measured.

SNACKS

TORTILLA CHIPS

TORTILLA CHIPS

Savor the simple joy of snacking with our mouthwatering tortilla chips, perfect for satisfying your cravings any time of day. These crispy delights are a snack lover's dream. Whether you're enjoying them on their own

or pairing them with your favorite dip, our tortilla chips provide a satisfying crunch and taste that will keep you coming back for more. With the three great flavorings and a satisfying texture, these chips are the go-to

choice for those moments when you need a quick and delicious snack to elevate your break time or social gatherings. Discover the perfect balance of simplicity and taste in every bite.

TORTILLA CHIPS

Indulge in the authentic flavors of Mexico with our irresistible tortilla chips, an essential companion to your Mexican feast or nacho platter.

Crafted from premium corn flour, each chip is seasoned to perfection, delivering a

satisfying crunch with every bite. Whether you're scooping up salsa, creamy guacamole, or layering them with melted cheese for the ultimate nacho experience, our tortilla chips elevate your culinary journey to new heights.

Immerse yourself in the rich heritage of Mexican cuisine and let the crispiness of these chips transport your taste buds to the vibrant streets of Mexico.

DIP & SALSA

KETTLE COOKED

KETTLE COOKED

Based on a recipe from the early last century, our chips are quite unique in taste. In our production we use high quality, carefully selected potatoes only.

– Unpeeled & thoroughly washed.

By cooking our chips in sunflower oil using the traditional batch method, the expertise of our staff is used to reach a constantly high level of quality.

Once hand cooked to perfection we add our specially developed seasonings to create the unique flavours for old style potato chips

NUTS

NUTS

Peanuts are a healthy snack and contain, among other things, relatively more antioxidants than apples and car-rots. At OK snacks, great flavour is in focus and when we buy peanuts on the world market, the great flavour and good quality go hand-in-hand with good business talent.

In our opinion, first-class peanuts deserve positive special treatment. Therefore, we have developed and patented a container that provides the market's best protection against air and light. These are factors that have a negative influence on the shelf-life and flavour of peanuts. Two different container sizes are available, but we also offer peanuts in a large selection of thick, foil packets that are packed in a protected atmosphere.

NUTS

POPCORN

POPCORN

Popcorn products from OK Snacks are produced with a very high-quality corn. Our assortment includes everything from whole corn to microwave popcorn and to "Ready-to-eat" popcorn in 3, 6 and 18 litre bags.

As one of the few producers on the market, we swear by the old-fashioned popcorn production - quite simply because popcorn that is popped directly in oil gives the good, original flavour.
